

SUSTAINABLE FOREST MANAGEMENT POLICY

Policy statement

Ne-Daa-Kii-Me-Naan Inc's (Nedaak) vision is to participate in the management of, and economic opportunities that flow from all activities on the Kenogami Forest, including Forest Management Planning and Operations (Roads, Silviculture and Harvest) and in keeping with the Principles for Enhanced Sustainable Forest License Implementation. Nedaak Inc. is committed to the three pillars of sustainability: Economic, Social and Environmental Sustainability. Our company has deep ties to the land and respect for the forest and its biodiversity. We work to cultivate an environment worth equitable sharing of opportunities and benefits from the forest.

Nedaak is committed to sustainable forest management practices consistent with FSC Principles and Criteria as well as applicable FSC Policies and Standards on the Kenogami Forest.
